Accidents

If you have an accident / incident while you are at college, or on your work placement it is important that you tell a member of staff straight away.

Fundamental British Values

You are expected to demonstrate Fundamental British Values that include the four main areas below. You will learn more about these while you are at college.

Democracy

- Your opinion counts

The rule of law

- No one is above the law
- Laws protect everyone
- Innocent until proven guilty

Individual liberty

- Freedom of speech

Respect and tolerance

- All background and cultures
- All ages
- All genders and sexualities
- All religions and beliefs

Safeguarding

Every learner, staff or visitor at LINK19 College can expect a safe environment, free from abuse, harassment, bullying, discrimination or threat.

To ensure this, we:

Encourage an open and supportive culture which promotes the safety and wellbeing of everyone.

LINK19 College have appointed the following Designated Adult Safeguarding staff (DASL): **Martin Francis & Maria Barry**

Martin and Maria will support all staff with carrying out their safeguarding duties. Any member of staff will be able to support you should you need to talk to someone or you can scan the QR code below to report any safeguarding concerns.

Martin Francis – Designated Adult Safeguarding Lead

Maria Barry – Deputy Designated Adult Safeguarding Lead

Maddie Arnold-Jones – Director responsible for Safeguarding.

Prevent

LINK19 College is actively involved in Prevent, which is the duty to have due regard to the need to prevent people being drawn into terrorism.

If you feel somebody is trying to draw you towards sharing extreme opinions and beliefs which make you feel uncomfortable or you are worried, please talk to a member of staff or scan the below QR code.

Online-Safety

LINK19 provides IT equipment. Access to the Internet is provided.

LINK19 College encourages all learners to remember the following when using the Internet:

- You will share what you are doing online with staff
- You keep your personal information safe
- You will tell a member of staff if something online makes you feel unhappy or unsafe

Gaming

Gaming is one of the most popular online activities for young people. It is a fun way to spend time with friends and family members and can create opportunities for you to develop teamwork, concentration skills and problem-solving.

Many games have an interactive online element, that enables you to play against other people online. You can chat, send messages or make purchases. But, this can also mean that you are at greater risk.

- You may think that someone is being unkind to you
- You may see things that upset you or worry you
- Someone may ask you to do things that make you unhappy or uncomfortable
- You may be asked to spend money that you do not have
- You may think that you spend too much time gaming
- You might get messages from people you do not know

Please speak to a member of staff if you are worried or want to ask questions or scan the above QR code to report a concern.

Criminal exploitation

Someone might be offering you money, friendship or even threaten you to do something that you know is wrong or against the law. If you are worried and think that this is happening to you, please talk to a member of staff.

Understanding how to keep yourself safe is very important. Staff will help you to understand how to keep yourself safe in these and many other different situations. **This will be the most important thing that you learn.**

GDPR (General Data Protection Regulation)

General Data Protection Regulation (GDPR) and The Data Protection Act 2018 (DPA) is the law that protects your privacy and upholds your rights. It applies to anyone who handles or has access to people's personal data.

The college collects a large amount of personal data every year including:

- learner records
- staff records
- names and addresses of those who ask for a prospectus information about examinations and accreditation
- references
- fee collection as well as the many different types of research data used by the college.

In addition, it may be required by law to collect and use some types of information to comply with statutory obligations of Local Authorities (LAs), government agencies and other bodies.

The principles set out in the GDPR policy must be followed when processing personal data.

1. Personal data must be processed in a lawful, fair and transparent way.
2. Personal data will be collected for specified, clear and genuine purposes and not further used in a way that is contrary to the original purpose.
3. Personal data will be adequate, relevant and limited to what is necessary.
4. Personal data will be accurate and where necessary kept up to date. Inaccurate information will be removed as soon as possible.
5. Personal data will be kept no longer than is allowed and is necessary.
6. Personal data will be kept securely to protect your rights. It will be shared only with people who need to know the information. It will not be used in any way other than for its original intention. If we accidentally lose data, damage our systems or the information is destroyed in error, we will tell you and report this to The Information Commissioner's Office (ICO) who are the independent regulatory office in charge of upholding information rights in the interest of the public.

Exams / Qualifications

You will have an introduction and induction with the LINK19 College Lead prior to joining. At the induction your pathway will be agreed based on your interests, ability and skills.

When you join LINK19, your tutor will discuss, if relevant, the possibility that you may be able to claim credit for some of your previous learning. This is known as Recognition of Prior Learning (RPL).

You and your tutor will decide which qualifications you will be taking.

You and your parents/carers will be informed of the exam timetable. This tells you when and where your exams will take place. It is very important to be there on time.

LINK19 has a Learner Appeals Policy that relates to examinations that you or your family can ask for.

Our exam centre number is 61178 for Pearson which includes Edexcel Functional Skills and BTEC accreditation.

The LINK19 College Head of Centre is Martin Francis, the Exams Officer is Adele Swain.

Careers Information, Advice and Guidance

Careers information is available and is an important part of your learning. You will be given opportunities to access careers advice and guidance. You will learn how to write a CV, complete a job application, prepare for an interview and work towards finding paid employment. As part of your time at college you will learn essential employability skills and undertake a work placement for a minimum of two days each week.

About Skills Builder Partnership

During the academic year learners will be encouraged to develop core employability skills as identified by the Skills Builder Partnership and evidence these skills within class, out in the community or within their work experience

placement. This will help learners recognise that we use these employability skills in our everyday lives and that we can link these skills to careers and employability.

Skills Builder Partnership is a global movement of employers, educators, and impact organisations working together to ensure that one day, everyone builds the essential skills to succeed.
