Course Overview

This qualification is designed around practical skills and tasks that place an emphasis on learners demonstrating what they can do rather than what they know in theory. The qualification gives learners the opportunity to acquire and develop generic and transferable skills in order to complete tasks and demonstrate a level of achievement at Entry Level 2, which enables them to progress to further learning at Entry Level 3 or employment.

Career Progression

This Pre-vocational qualification is available to all learners at this level who want to continue their education and develop their skills for progression to further learning and, ultimately, to employment.
